NOTIFICATION OF TAX FILE NUMBER (TFN) DETAILS

I have read the Mason Stevens Super or relevant PDS and Additional Information Guide available at masonstevens.com.au/super or relevant website and I understand that I am not required by law to provide my Tax File Number (TFN).

Please note that the Trustee requires your TFN to match your TFN with the ATO client register to validate your member details. The Administrator **will not be able to accept your application without a valid TFN.**

Under the Superannuation Industry (Supervision) Act 1993, your superannuation fund is authorised to collect, use and disclose your tax file number.

The trustee of your superannuation fund may disclose your tax file number to another superannuation provider, when your benefits are being transferred, unless you request the trustee of your superannuation fund in writing that your tax file number not be disclosed to any other superannuation provider.

Declining to quote your tax file number to the trustee of your superannuation fund is not an offence. However, giving your tax file number to your superannuation fund will have the following advantages:

- » *your superannuation fund will be able to accept all permitted types of contributions to your account/s;*
- » *other than the tax that may ordinarily apply, you will not pay more tax than you need to - this affects both contributions to your superannuation and benefit payments when you start drawing down your superannuation benefits; and*
- » *it will make it much easier to find different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.*

My TFN is:

Mason Stevens Super can help you find and combine your lost Super

I give my permission to Mason Stevens Super to use my personal information provided (including TFN) to search for any superannuation money held by the ATO or other Super funds, to the extent the law allows. Mason Stevens Super will contact me and confirm the result of the search, as well as providing transfer documents.
